

UNDERSTANDING AI | WEBINAR SERIES

WEBINAR 1

AI IN HEALTHCARE: From Science Fiction to Reality

8 July 2021

Overview

WHAT'S IN THIS WEBINAR

Introduction to AI

Benefits of AI for Patients

Pros & Cons

Implications of AI in Healthcare

Overview of the NEF AI Fund

Our Speakers

Frederike Kaltheuner

European Artificial
Intelligence Fund

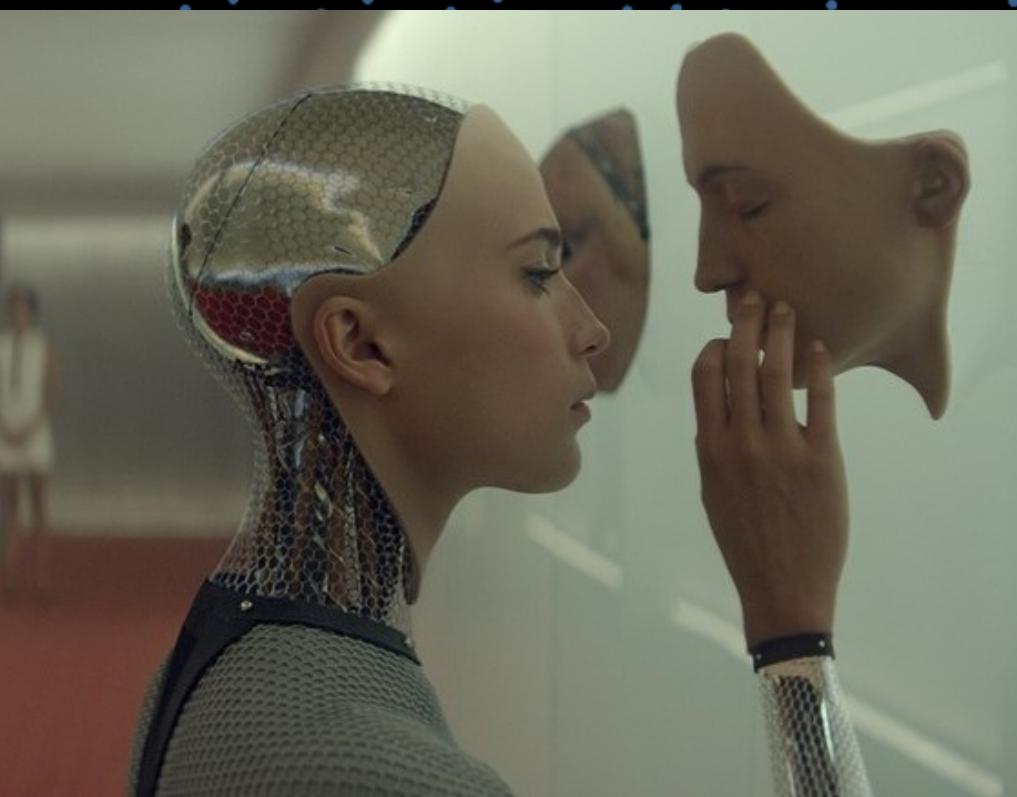

Anca Petre

23 Consulting

What do we mean with
Artificial Intelligence?

AI in Healthcare: From Science Fiction to Reality

AI in Healthcare: From Science Fiction to Reality

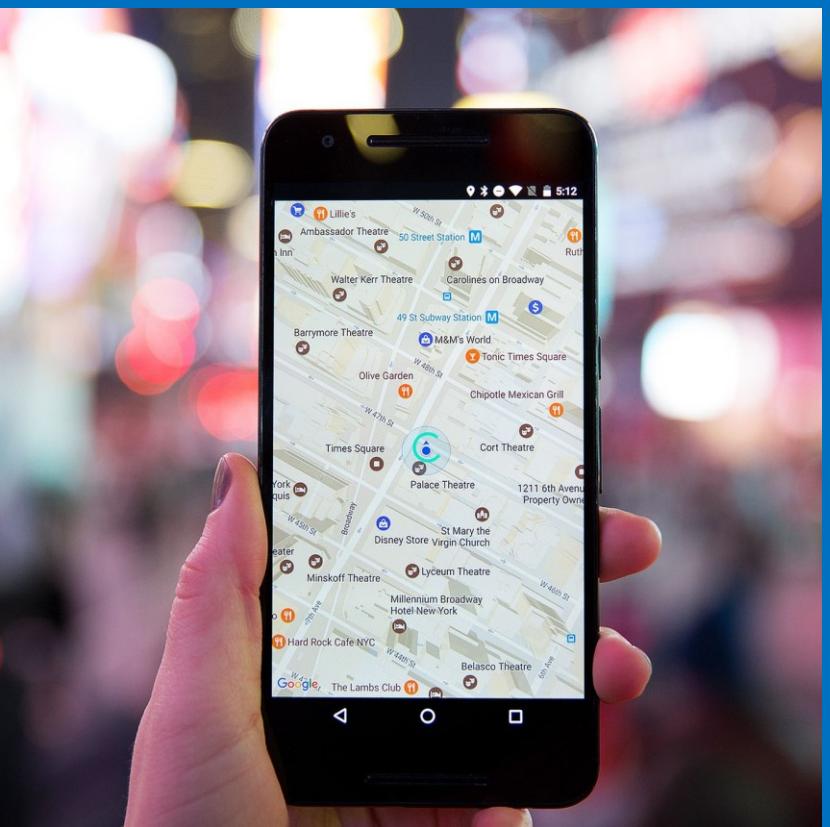

Artificial intelligence

= any technique that enables machines to mimic human behavior

AI in Healthcare: From Science Fiction to Reality

Artificial intelligence

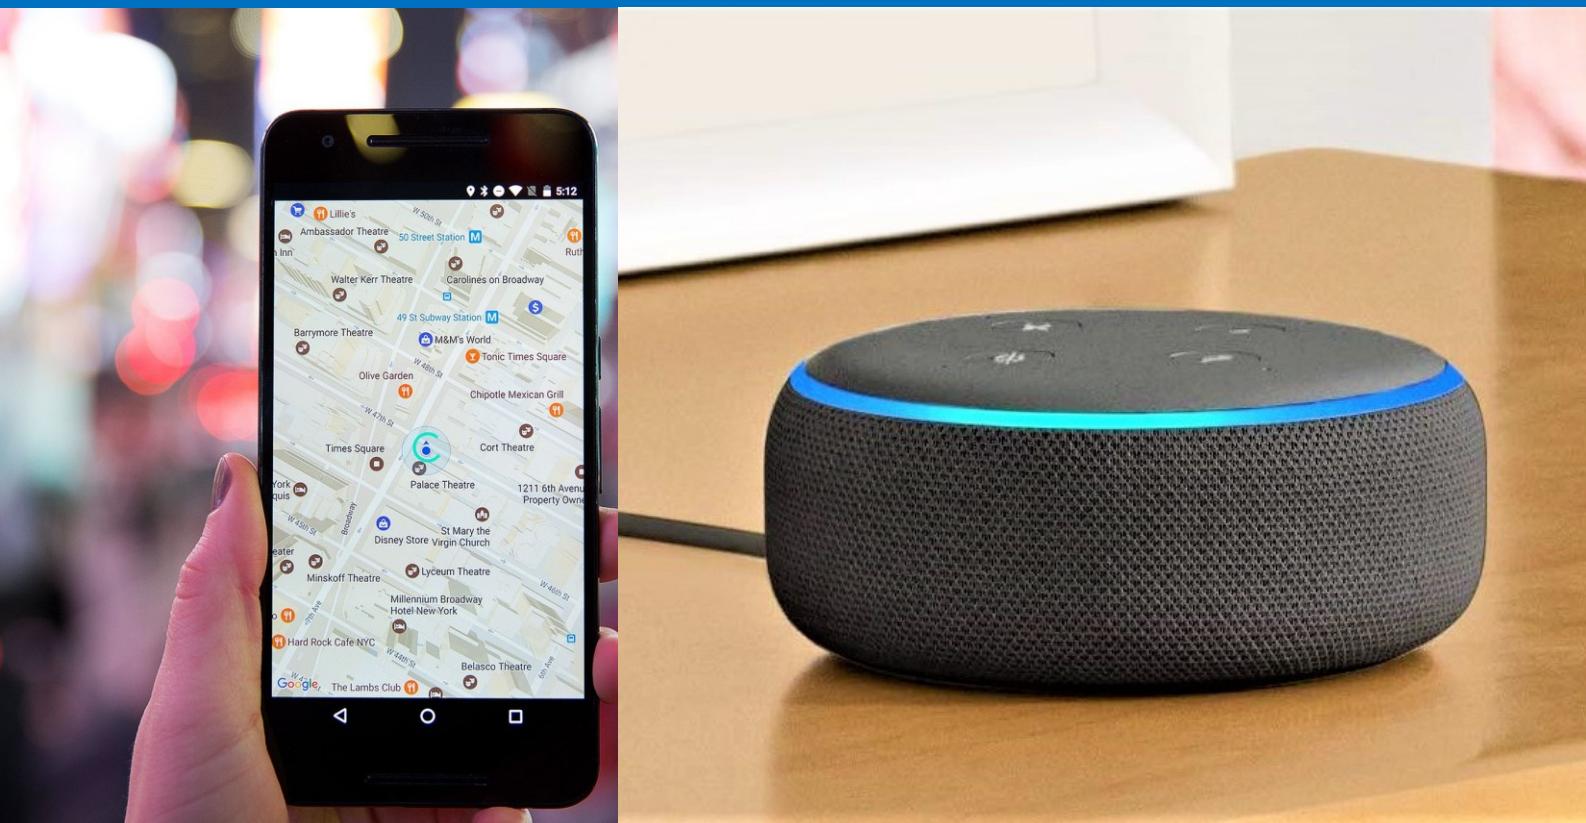

= any technique that enables machines to mimic human behavior

Artificial intelligence

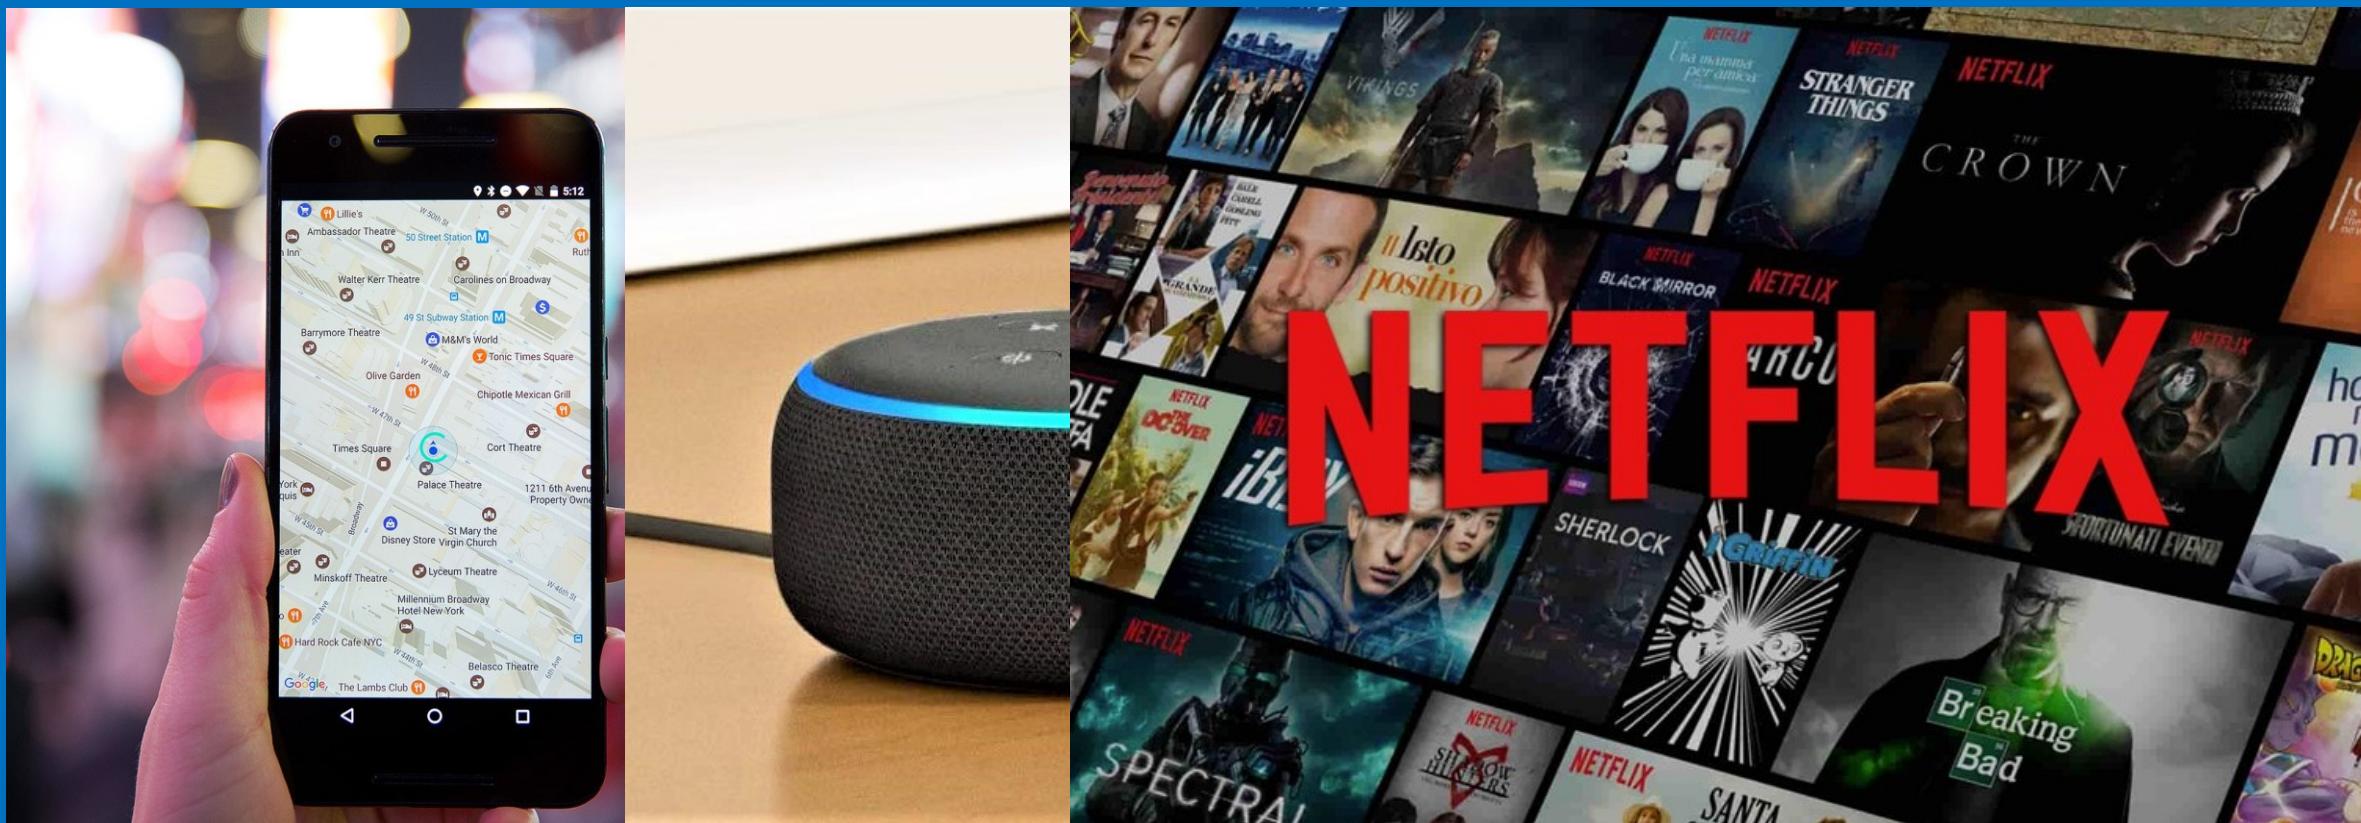

= any technique that enables machines to mimic human behavior

Machine Learning

AI in Healthcare: From Science Fiction to Reality

Artificial intelligence

= any technique that enables machines to mimic human behavior

Machine Learning

Deep Learning

When was the first
usage of AI in
healthcare?

What are the most common examples of AI that have a direct impact on patients' lives?

Which areas of healthcare
will AI develop into within
the near future?

What are the biggest challenges linked to the deployment of AI technology?

What are the challenges
linked to society?

What are the top two
misconceptions
concerning AI?

Why and how should
patients be involved in
the discussion on AI?

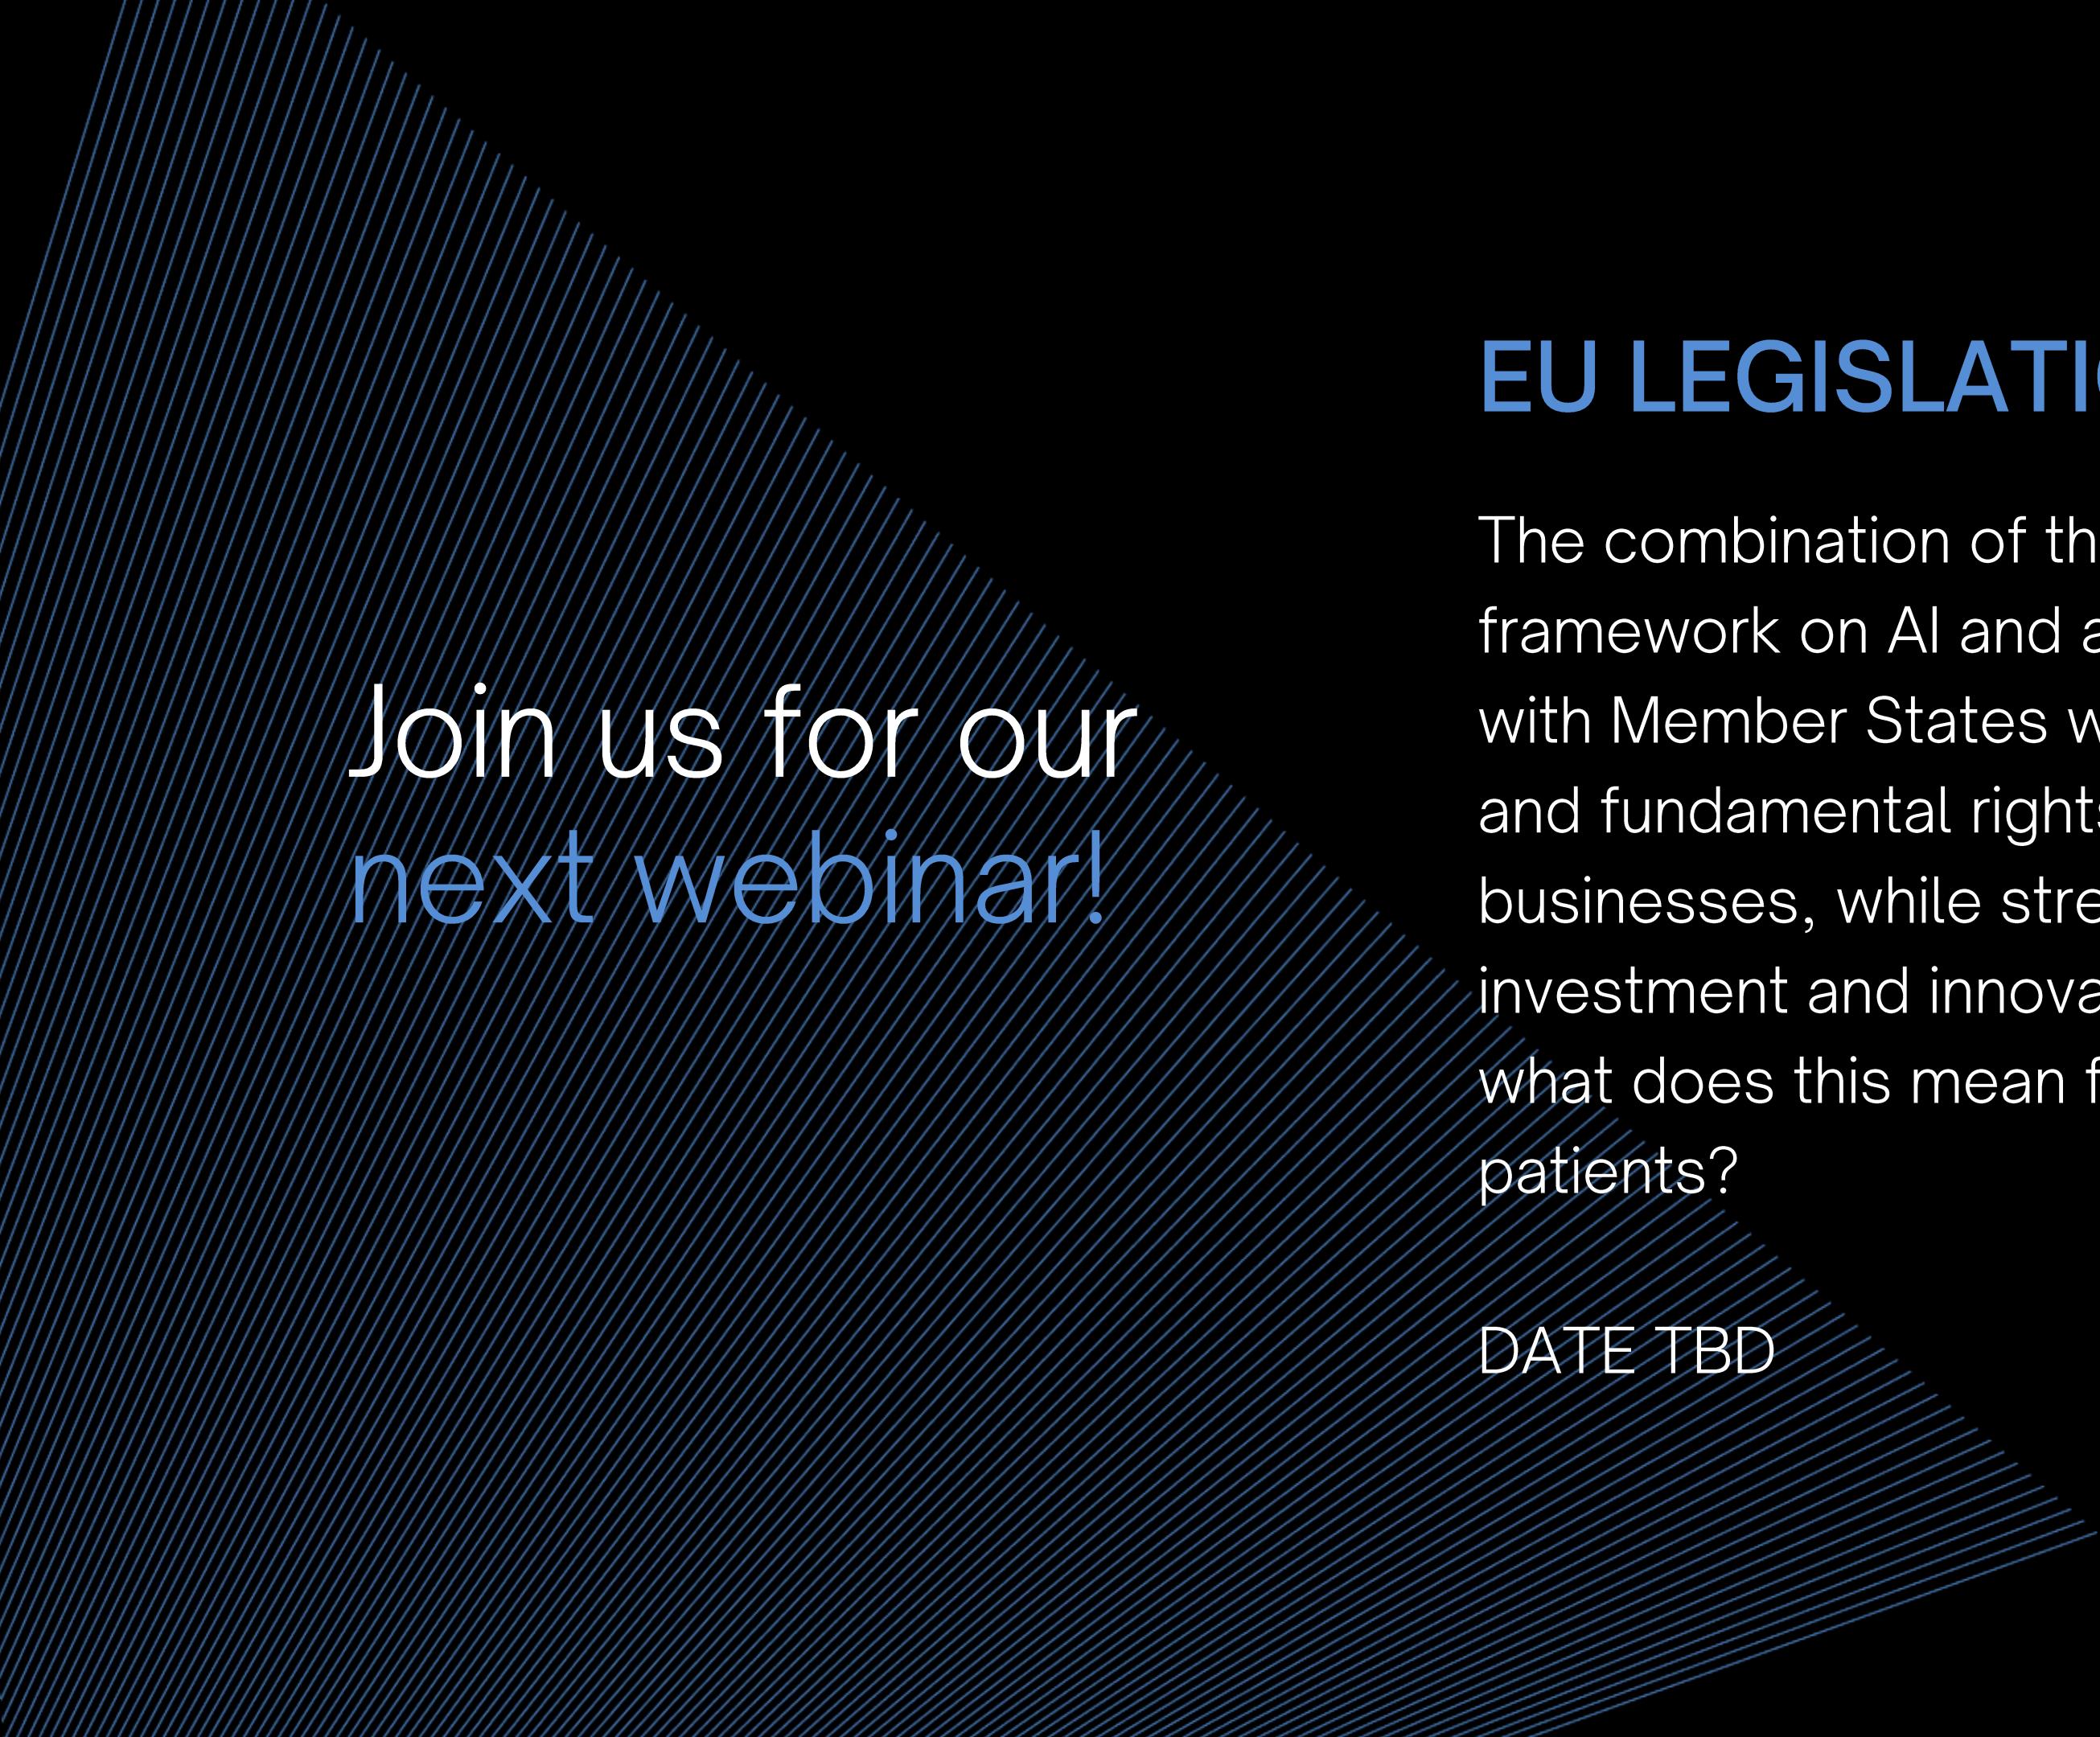

AI in Healthcare: From Science Fiction to Reality

What is the AI Fund?

Why a fund on AI for the
civil society?

What are the biggest breakthroughs in AI in the coming years and how the fund can help CS to engage with AI?

Do you have
any questions?

EU LEGISLATION ON AI

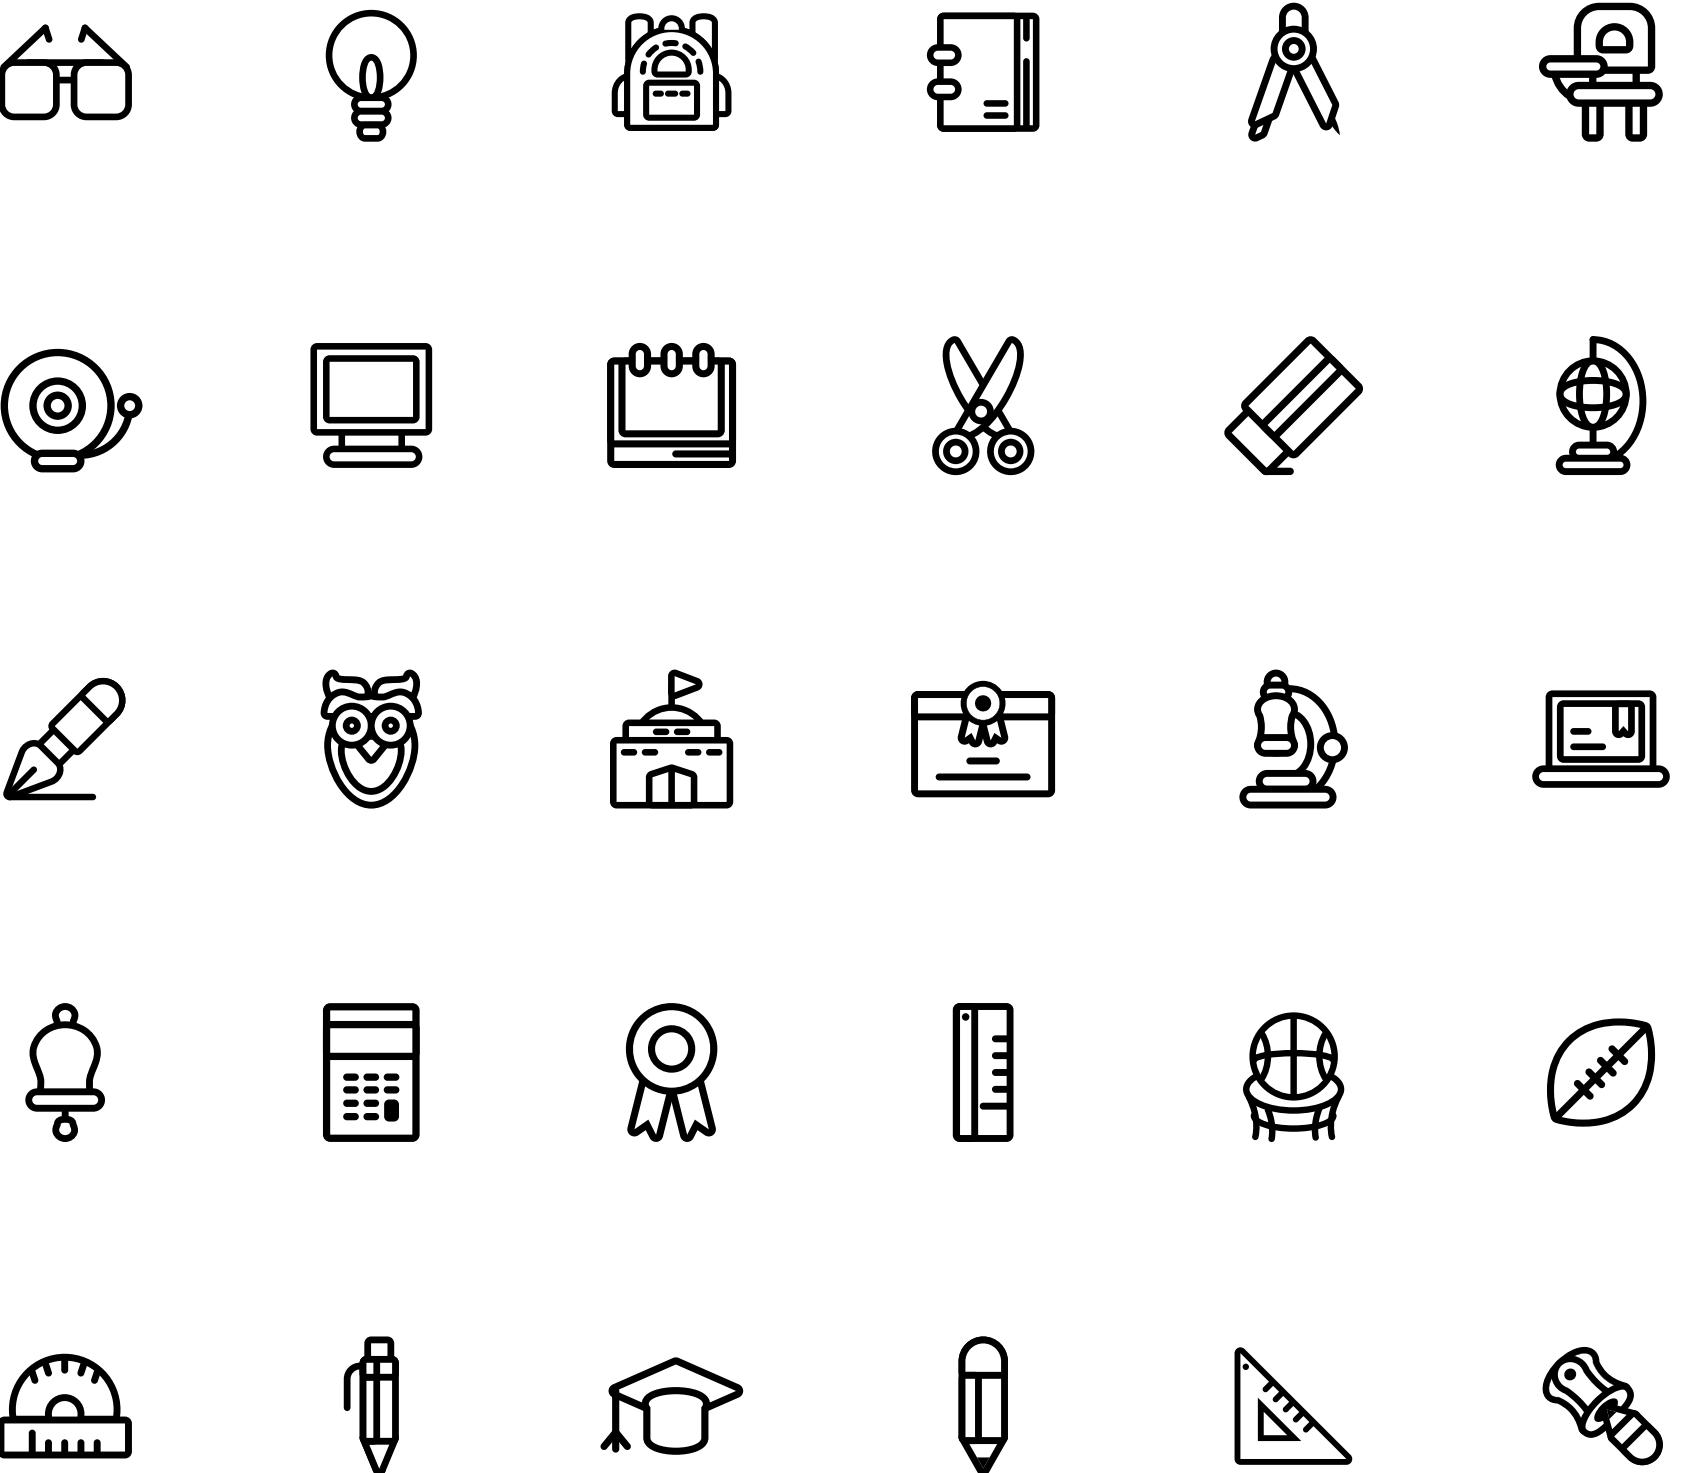

The combination of the first-ever legal framework on AI and a new Coordinated Plan with Member States will guarantee the safety and fundamental rights of people and businesses, while strengthening AI uptake, investment and innovation across the EU. But what does this mean for healthcare and patients?

DATE TBD

AI Knowledge Hub
