

## **Content Outline**

# **Patient Advocate Seminars (PAS)**

#### 12 February 2021

## Module 1: Advocacy awareness through the prism of COVID (90 minutes)

- Introduction to lobbying as a tool for change
- Introduction to ethics and transparency in lobbying
- Discussion of how COVID-19 has impacted the lobbying sphere at an EU and national level:
  - O What are the benefits of having health as a priority issue?
  - What are the negative aspects of so much energy focused on COVID-19?
  - o How has this changed access to power and agenda setting?

## 26 February 2021

#### Module 2: How to influence EU policy (90 minutes)

- Overview of the EU policymaking process
  - o Pre-legislative
  - o EP vs Council
  - Different channels of influence (ECI, etc)
- How to create links between national-level and EU-level organizing
  - o How can EU-level lobbying benefit national policy goals?

#### 12 March 2021

### Module 3: Creating your lobbying plan (90 minutes)

- Timing: deciding when and how to lobby for your cause
- Role of evidence and reliable data in building a compelling case
- More in-depth analysis of ethics and regulation in lobbying for patient issues
- Coalition building
  - Special attention will be paid to forming new relationships and alliances between participants from various groups and countries

#### 26 March 2021

## Module 4: Executing your lobbying plan (90 minutes)

- Creating a compelling case
  - o How are patient organisations unique?
  - o How can patient voices be leveraged in an empowering way?
  - Storytelling as an effective public policy tool
- Securing and preparing meetings
  - How to "speak the language" of policymakers
  - o How to communicate effectively during COVID times (virtual meetings)
- Monitoring progress
  - o How to monitor progress, adapt your strategy, and keep attention on your cause
