1. EPF General Information

The **European Patients' Forum (EPF)** was founded in 2003 to ensure that the patients' community drives policies and programmes that affect patients' lives to bring changes empowering them to be equal citizens in the EU.

EPF currently represents 74 members, which are national coalitions of patient organisations and disease-specific patient organisations working at European level. EPF reflects the voice of an estimated 150 million patients affected by various chronic diseases throughout Europe.

EPF's vision for the future is that all patients with chronic and/or lifelong conditions in the EU have access to high quality, patient-centred equitable health and social care.

2. Purpose of the tender

The purpose of this tender is to select a professional Consultant **to conduct research, analyse data and write a report on the added-value of patient organisations** for the European Patients' Forum, hereafter referred to as the 'EPF'.

The publication arises from the EPF 2017 Work Programme, which has received funding from the European Commission in the framework of its Health Programme 2014-2020.

3. Background to the publication

3.1 OBJECTIVES OF THE PUBLICATION

Patient organisations make a unique contribution to the public health debate, voicing the experience and expertise of the healthcare users, their constituents. This important contribution should be recognised.

The objective of this report is to:

- Spell out the contribution of patient organisations to:
 - Representing and voicing the concerns of a specific population that would otherwise not be represented;
 - European and national policy-making, through their involvement in experts' groups and advocacy activities;
 - Research, through their participation to European and national research projects, or through their own initiatives;
 - Building the skills of individuals and organisations, through their educational programmes;

- Support to individuals, through the organisations' support services and the information they produce and share.
- Provide information on the funding of patient organisations and their activities, and notably on their funding mix and the share the resources they receive from the European budget represents within their budget.
- Analyse the role of patient organisations as partners in the health sphere and the contribution they make to the work of other stakeholders.

We plan to use this report for the following activities:

- Promoting the recognition of the role of patient organisations in Europe;
- Advocating for continued and increased support for patient and public health organisations, notably in the framework of the future EU budget planning;
- Establishing patient organisations as a natural policy partner at national and European level.

3. 2. TARGET AUDIENCE

- European and national decision-makers: European Commission, European Council, European Parliament, National Ministries of health
- Health stakeholders: associations of healthcare professionals, insurers and payers, NGOs working in the public health sector
- Patient organisations (as an advocacy tool)

3.3. STRUCTURE AND METHODOLOGY

The report will be based on:

- **The results of a survey conducted in September 2016 – February 2017** among patient organisations. This survey aimed at collecting information about the different activities and collaborations patient organisations engaged in. EPF will provide this data;
- **The transcript of interviews with selected patient organisations and health stakeholders** – handed in to the Consultant by EPF;
- Further desk research if necessary.

4. Description of services

The successful tenderer will provide high-quality analysis of the data collected and write a compelling and objective report. The successful tenderer shall deliver following deliverables based on the following tasks:

8. Quality issues

In delivering the service the tenderer shall ensure the highest quality standards of which EPF shall be the sole judge.

9. Confidentiality and conflict of interest

The Tenderer undertakes that they will not at any time, either before or after the termination of this service, use or disclose or communicate to any person confidential information relating to the affairs of EPF. This restriction shall continue to apply after the termination of the service without limit in point of time.

To ensure the independence of terms of their contract, the winning tenderer will sign a declaration certifying that they have no conflict of interests in relation to the tasks to be undertaken and undertake to inform Camille Bullot, Membership & Stakeholder Relations' Manager should this status change.

10. Terms and conditions

EPF reserve the right to reject any and all proposals, in whole or in part, to advertise for new proposals, to abandon the need for services, and to cancel or amend this call for tender at any time prior to the execution of the written contract. EPF reserves the right to waive any formalities in the call for tender process. EPF may respond to questions or provide information from tenderers, and is under no obligation to provide such responses or information to all other tenderers.

By submitting a proposal, the tenderer agrees that:

- EPF may copy the proposal for purposes of facilitating the evaluation of the proposal and agrees that such copying will not violate the rights of any third party.
- It will not bring any claim or have any cause of action against EPF based in any misunderstanding concerning the information provided or concerning EPF's failure, neglect or otherwise, to provide the bidder with pertinent information as intended by this call for tender.

The accomplishment of a tendering procedure imposes no obligation on the EPF to award the contract. Should the invitation to tender cover several items or lots, EPF reserves the right to award a contract for only some of them. EPF shall not be liable for any compensation with respect to tenderers whose tenders have not been accepted. Nor shall it be so liable if it decides not to award the contract.
