About me:

I live with Type 1 Diabetes for almost 20 years. My motivation to study Medicine, was (and still is) to help people, especially those who live with Diabetes. I want to support everybody who needs it. I have made my purpose in life to take care of people. I am a committee member of jong & diabeet, the youth group of the Diabetes Liga. I represent IDF Europe in the EPF Youth Group.

I will fight against stigma and discrimination with everything I have in my power!
